

Help Us Plant a Garden of Native California Plants

Sat. April 26th (10:00 – 1:00 pm)

Sat. May 17th (10:00 – 1:00 pm)

Sat. June 14th (10:00 – 1:00 pm)

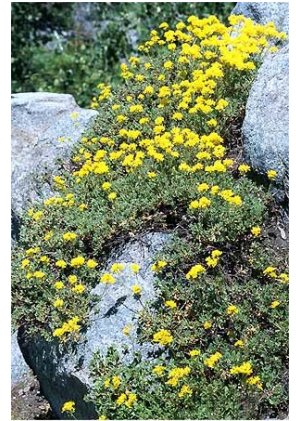

Who? **The Friends of Marsh Creek Watershed group needs your helping hands.**
We need 10-20 people to help us plant a native plant demonstration garden.
(All participants must sign a waiver form. A parent or guardian must sign for each child.)

Where? **Creekside Park, Brentwood** (Across from the 900 block of Crescent Way (map on p.2).

When? See above

Why Native Plants? Because they:

- are adapted to our local climate and soils
- need less water
- flourish without fertilizer or pesticides that can be washed off gardens into the creek
- provide food and shelter for native birds and pollinators like butterflies
- provide the natural habitat for the creek side environment

Why a Demonstration Garden? To let people.

- admire the beauty of plants that are native to our local area
- see plants they might want to put into their own gardens
- learn more about native plants from brochures or posters we will develop in the future
- add to the park's habitat (food and shelter) for native pollinating insects, birds, etc.

What to Bring or Wear: **Old clothes that can get dirty; close-toed shoes; sunscreen or a hat.**
Bring garden gloves or garden trowels if you have them. And don't forget your community spirit!

Water and snacks provided.

PLEASE RSVP TO: Mary Grim at 672-6522 x 113 or
mary.grim@ca.nacdn.net

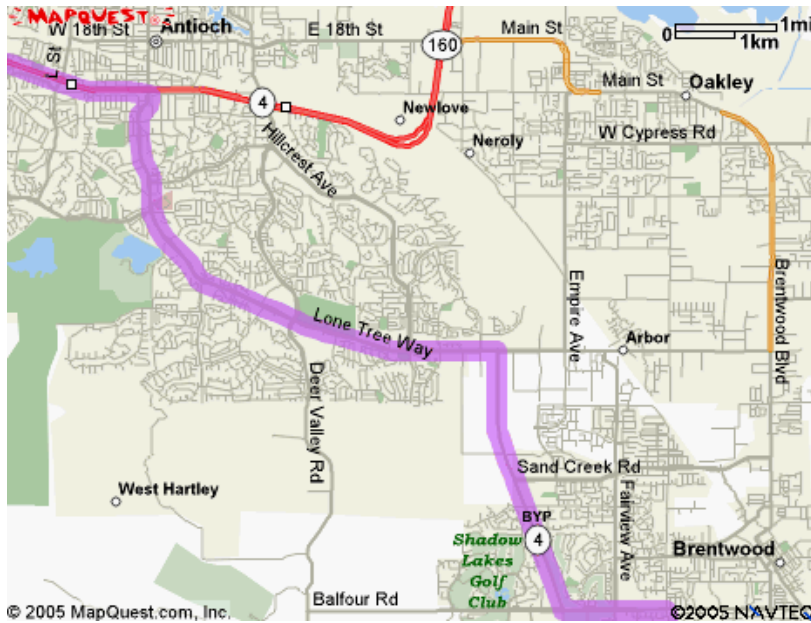

Friends of Marsh Creek Watershed: www.fomcw.org.

Funds for FOMCW activities are provided by a grant from the CALFED Watershed Program, administered by the Dept. of Water Resources.
